ARNOLD GASSAN

HANDBOOK FOR CONTEMPORARY Photography

INTRODUCTION xi

CHAPTER ONE
BEGINNINGS

First Steps 1
Loading the Camera 2
The Basic Darkroom 3
Development and Printing 9
Print Enlargement 11
Preparing a Basic Darkroom 12
Printing Contrast and Local Controls 14
Film Exposure 21
Film Development Mechanics 28
Summation of Beginnings 29

CHAPTER TWO
BASIC PROCESSES

Camera and Lens 37
Metering Exposures 45
Exposure Index 48
Basic Photographic Chemistry 48
Development of Film 50
Developing the Print 60
Mounting and Finishing 63
Storing Prints and Negatives 63
Summation of Basic Printing 64

CHAPTER THREE
THE PROBLEM OF MEANING

Response and Critique 67
Projected Meaning 69
The Problem of Intention 72
Figure/Ground Relationship 74
The Documentary Mode 85
The Pictorial Mode 85
The Equivalent: Metaphoric Possibilities 86
Critical Response 88

CHAPTER FOUR
ADVANCED CONTROLS

Simple Densitometry 91
The Characteristic Curve 96

The Zone System and Metering 103
Comparison of Parametric and Zone System 104
System Index Determination from the
Parametric Curve 111
Advanced Printing Controls 111
Toning for Intensification 130
Finishing, Storing and Displaying Prints 132

CHAPTER FIVE
SPECIAL PROCESSES

Special Processes for Photo-Printmaking 137
High Contrast Films 137
High Contrast Conversions..... 143
Posterization 146
Photogravure Positives..... 147
Densitometer Control of Print Exposure 148
Correcting Overexposed and Underdeveloped
Negatives With Farmer's Reducer..... 149
Reversal Processing of Films 151
Masking for Contrast and Color Control 152
The Contact Screen 161
Evaluation of the Halftone Dot 164
Random Dot 170

CHAPTER SIX
ALTERNATE PHOTOGRAPHIC PROCESSES

Historical Background 175
Rockland Emulsion 176
The Kallitype 178
The Van Dyke Print..... 178
The Cyanotype 179
The Platinum Print..... 179
The Gum Bichromate Process..... 184
Kwik-Print..... 187

CHAPTER SEVEN
HALFTONE PROCESS

The Collotype 191
Photogravure..... 197
Random Dot in the Gravure Image 202
Silkscreen Process 222
Lithography 232

CHAPTER EIGHT
COLOR NOTES

Dye Transfer Print 238
Color Transparency 240
Color Associations 241
Color in Printmaking 243
Color Filters 245

BIBLIOGRAPHY 251
